

Without You

Union J

When you tell me that you love me
Even when my heart moves ugly
The way you chase when I skip countries
I know there's nobody else

And everywhere I go you're with me
We're in love yeah there's no mystery
Only you give me this energy
I don't want nobody else

It's kinda insane
That I still need you to myself
When I go away
I just can't think 'bout no one else
You're stealing my breath
Baby you stay on my mind you do
You always ride for me
Now I wanna ride for you

So tell me what will I do without you
I try my best not to move without you
'Cause everything that I do is about you
So tell me what would I do
What would I do without you

You know all my deepest secrets
All the treasures that I'm seeking
You gave all I ever needed
Don't need nobody else

It's kinda insane
That I still need you to myself
When I go away
I just can't think 'bout no one else
You're stealing my breath
Baby you stay on my mind you do
You always ride for me
Now I wanna ride for you

So tell me what will I do without you
I try my best not to move without you
'Cause everything that I do is about you
So tell me what would I do
What would I do without you

I'll travel ten thousand miles to find you
And in the tough times I'm right behind you
I can't imagine my life without you
So tell me what would I do
What would I do without you
