

Jules
I think of you tonight
But all I can do
Is close my eyes
To fall asleep

Jules
You're stuck in my head
You're dancing with
Your innocence
And that's so wonderful

Jules
I'm in love
Jules
I'm in love
Jules
I just can't get enough
My lonely heart is trembling
It's calling your name

Jules
Jules
Jules

Jules
I want to know you more
How can we be
Able to talk
About anything?

Jules
I feel sorry for myself
'cause I'm dreaming of
Touching your skin
And staring at your eyes

Jules
I'm in love
Jules
I'm in love
Jules
I just can't get enough
My lonely heart is trembling
It's calling your name

Jules
Jules
Jules
