We Know

Unique

Do something
Wash your sins
Come clean
So you'll become atoned

Yes
It might be true
Yes
Maybe you're right
Yes
We know there's something wrong

I can treat you
But where's my money
Don't take what's mine
I can treat you
But where's my money
Please don't waste my time

There is a
Pool of gold
Don't dive
'Cause it might break your bones

Yes
It might be true
Yes
Maybe you're right
Yes
We know there's something wrong

I can treat you
But where's my money
Don't take what's mine
I can treat you
But where's my money
Don't take what's mine
I can treat you
But where's my money
Don't take what's mine
I can treat you
But where's my money
Please don't waste my time

We know there's something wrong
We know there's something wrong
We know there's something wrong
We know there's something wrong
