

Ay ay ay
Lost in a thought
You perceived the perception
If nothing is real
Keep your head in a hole

And no I don't want
None the muhfuckin knowledge
I feel that it's best if I learn on my own
You're feeding us lies
That's all that we know
But the hurt in the truth is
We all die alone
You're lost in a thought
Perceived the perception
If nothing is real
Keep your head in a hole

Blear
Like you woke up from a bad dream
Tick-tock goin downhill we found our new glory
Cause life is just hell
And it's hard to ignore it
I roll up sum leaf and I blow it

Gotta pick my head up
Stay elevated
I can't fuck with a chick if she racist
Got me barkin
I ain't tryna hang bitch
Yo energy hostile
This world that we live in is fuelin ya hatred

Ain't no way
Ima need that
Opposition thought I'm lackin
They got big mad
Move like I do
Guarantee you gon get past
You focus on the pain
That's the time you won't get back

Shhhh
It's paranoia
Got me by the neck
I'm about to choke up

Havin trouble catchin my breath
Suffocatin from the lies that we've always been fed
(Ay, ay, ay)
Lost in a thought
You perceived the perception
If nothing is real
Keep your head in a hole

And no I don't want none
The muhfuckin knowledge

I feel that it's best if I learn on my own
You're feeding us lies
That's all that we know
But the hurt in the truth is
We all die alone
You're lost in a thought
Perceived the perception
If nothing is real
Keep your head in a hole
Lost
Keep your head in a hole
And just do what you're told
Or cutting them off
Leave their heads in a hole
Let them reap what they sow

I'm cutting the loss
Keep your heads in a hole
And just do what you're told
Or cutting them off
Leave their heads in a hole
Let them reap what they sow
Shhhh

(Ay, ay, ay)
Lost in a thought
You perceived the perception
If nothing is real
Keep your head in a hole

And no I don't want none the muhfuckin knowledge
I feel that it's best if I learn on my own
You're feeding us lies
That's all that we that know
But the hurt in the truth is
We all die alone
You're lost in a thought
Perceived the perception
If nothing is real
Keep your head in a hole
