

# CROSS ME

UnityTX

Kick it

I'm here to roc it mothafucka  
You better get back  
Ain't no need for callin ya homies  
I got heat for that

If I can overcome  
The hard times  
Our beefs in the past  
Now why you diggin up that old shit  
You better than that  
Okay

Yea  
Now think about it  
If you wanna try it  
But I ain't lookin for no problems  
I'm just being honest

Niggas die like everyday when you think  
So step away cause you bout to lose it all  
Trust me

We used to roc  
Now I roc alone  
Word of mouth  
Been I'm the truth  
And you just play a role

Changing up on everyone  
Until you get ya own  
You'll never be realest  
You can try but never will

And that's a shame  
Cause you the only one there is to blame  
Ain't nobody fuckin worried  
Cause that shit be lame

Keep on with it but a hater  
Always is the same  
Pressed about all of that talking  
You refused to claim

So don't cross me

Don't cross me  
Don't cross me  
Don't cross me

I been a headcase  
But you a disgrace  
I don't need this  
I don't wanna feel hate

I'm just a mad boy

And I don't like games  
Why you keep on playin with me  
I'm gon  
Reach my  
Breaking  
Point

Ima be  
Straight to the point  
Like the chrome to the dome  
Keep my name out of your mouth if you wanna come home

Its very simple  
Mothafucka  
Don't ever think its a joke  
Cause if you cross the line  
Make sure that you bring the heat to get smoke

We used to roc  
Now I roc alone  
Word of mouth  
Been I'm the truth  
And you just play a role

Changing up on everyone  
Until you get ya own  
You'll never be realest  
You can try but never will

And that's a shame  
Cause you the only one there is to blame  
Ain't nobody fuckin worried  
Cause that shit be lame

Keep on with it but a hater  
Always is the same  
Pressed about all of that talking  
You refused to claim

So don't cross me

Don't cross me  
Don't cross me  
Don't cross me

Yea  
This is roc music mothafucka
