

PLAYING FAVORITES

Stop playing favorites mothafucka

They feed my ego premonitions
And swear that my shit is up next
Fuck that it's word of mouf
Until they fuckin get it
Same shit a different day
Don't wanna wake up
To play the game
Cause all that you do
Is fuck our shit up
Come on
I see the doubt you mothafuckas be bluffin
Switching sides it's kinda foolish
How you really do nothin
It's given
Appreciate the hustle
Cause we be hungry
Ready to eat
But you don't wanna feed the dog
Ain't that some shit

And you get mad
When I fuckin bark
Because I'm so sick
Of you mothafuckas
Always playing favorites

Stop playing fuckin favorites
Stop playing fuckin favorites
Stop playing fuckin favorites
Stop playing fuckin favorites

No love
No hope
When you leave me
On a tightrope

No love
No hope
When you leave me
On a tightrope

It's like I'm walking on glass
Broken
Don't show it but I'm bleeding
Goin down this path
Still don't know who to believe in
Snake
Numbing me with your poison
And I keep goin
Just know if it's all worth it
Patience
Dare you stay to watch me break
I'm so close
So just back the fuck away
Motherfucker

Or you can step up

This ain't
Nothin new to me
I've had enough of the bullshit
Seeing this your way

This ain't
Nothin new to me
I've had enough of the bullshit
Seeing this your way
Rot

Nitpicker
Stop playing fuckin favorites
Stop playing fuckin favorites
Stop playing fuckin favorites
Stop playing fuckin favorites
Playing fuckin
Playing fuckin
Favorites

They always they that it's bout who knows who
It's never bout who's gonna make it
But at the end of the day we're just a lab rat
Ready to die playing favorites

They always they that it's bout who knows who
