

ROTTING AWAY (GORE)

UnityTX

Sever my mind from the soul
Dare I believe I can unfold
And when I rot down to the core
I don't want to be here anymore
And when it piles up under the surface
I'm breaking the pressure
While it keeps going forsaking my will to
See this so clearly I'm jaded
Feel myself rot away

I'm hyper-focused on the chemicals
I tell myself I'm better off alone
As I lie in relief I just wait
Been pushed to the brink of a release
I'm reminiscent of days I was in hell
Deliver me from the guilt with nothing left
Separate everything and I'll forever be

Pulling from all the stitches of my reality
Pushing back do I get a chance for myself to breathe
Trembling from the spine cause I can feel it creep
I decompose in my skin at the thought
And it's killing me

It's so cold I'm just so numb and it's hopeless
Incinerating from the inside out left with no sense
Can't feel a thing, I can't break loose from the grip
I dig my grave while I lay here as I fade away

Sever my mind from the soul
Dare I believe I can unfold
And when I rot down to the core
I don't want to be here anymore
And when it piles up under the surface
I'm breaking the pressure
While it keeps going forsaking my will to
See this so clearly I'm jaded
I feel myself rotting away

Rotting away
Rot away
Gore

I'm reminiscing the pain
Living in hell and rotting when I decay
I'm reminiscing the pain
Living in hell and rotting when I decay

[?] as I die slow
If everything is laid to waste then I want to be free
Free from the hell I face

Sever my mind from the soul
I don't want to be here anymore

Sever my mind from the soul
Dare I believe I can unfold

And when I rot down to the core
I don't want to be here anymore
And when it piles up under the surface
I'm breaking the pressure
While it keeps going forsaking my will to
See this so clearly I'm jaded
I feel myself rotting away
