Ayy

(You already know what the fuck going on)

Let me introduce you mothafucka

Introduce you to a nigga who would never hesitate to run up

I've been quiet but I'm not scared to bring the ruckus

Peel ya 'nana if you ever try to fuckin touch us

I come in peace and I will never cease

Leavin 'em on their knees

I'm a little crazy you suckas will never phase me

Raze me if you dare

You got a homie pull up on me

You could never fuckin hold me, bitch
