

Invisible

Unkle Bob

[Verse 1]

Look at your phone
Pick up your messages
I feel alone
How did we come to this?

[Chorus]

Am I invisible?
Am I invisible?
Do you see me? 'Cause I see you
Am I invisible?

[Verse 2]

Everyday
I know that you're ghosting me
You ran away
There's something I fail to see

[Chorus]

Am I invisible?
Am I invisible?
Do you see me? 'Cause I see you
Am I invisible?

[Bridge]

Every time that you move away
I regret that I didn't say to you
You can be somebody you're not
You can tie me up in a knot and now
There's some things I wanted to say to you
There's some things I wanted to play to you
Take the time, I can't take it back
Take the time, I can't get it back

[Chorus]

Invisible
Invisible
Do you see me? 'Cause I see you
Am I invisible?
