

Every Single Prayer

UNKLE

Will cut a thread
Write yourself as dead
Catch every single spark
There's tracks inside my head

Will find it there
You believe, you swear
Will the beads around your wrist
Capture every single prayer

There's no more, no more, to save Now there's no more
No more to save now it's no more
But an image of ourselves

Don't let me down you know I'll never come again
Don't let me down you know I'll never come again

Will you grit your teeth
See what lies beneath
Number every single hair
And every word I speak
There's no more, no more, to save Now There's no more
No more to save now it's no more
But an image of ourselves

Don't let me go
Don't ever let me go
Don't let me down you know I'll never come again
Don't let me down you know I'll never come again
Don't let me down you know I'll never come again
Don't let me down you know I'll never come again
