

No Where to Run / Bandits

UNKLE

Hey man
What happened to the fun
Stuck in the snow
Blinded by the sun
There's nowhere to hide
There's nowhere to run
My love is pure
Second to none

Hey man
What happened to the fun
Stuck in the snow
Blinded by the sun
There's nowhere to hide
Nowhere to run
My love is pure
Second to none

All alone
What I've become
Oh darling
What have we done

All alone
What have we done
I'm chasing the heavens
I'm chasing the sun

All alone
What have we done
Oh baby
Run run run
Run run run
What have we done
What have we done
What have we done
What have we done

Take my hand and run
Take my hand and run

What have we done
Run run run...

Run run run (run away)...
