

# Sick Lullaby

UNKLE

I feel it bound  
Round my throat  
Round my throat

I feel the call  
In your throat  
To love me  
Please don't go

I feel it bound  
Round my throat  
Round my throat

(I feel...  
You in my heart  
You in my...  
You in my...)

Won't you stay in my arms...?  
I won't let you leave me  
Even if you leave my minds off  
I will hold you like a  
Knowing end of season  
When I feel you lady  
We're all alive  
Heart is to optation  
I will let you kill me  
If you read this to me  
I'll be clean oblation  
Burn the bridges baby  
Hopeless in incision  
Harness dreaming honey  
Make the first incision  
I'll be your  
Sick lullaby

If you read this to me  
I'll be clean oblation  
Burn the bridges baby  
Hopeless in incision  
Harness dreaming honey  
Make the first incision  
I'll be your  
Sick lullaby

I feel the call  
In your throat  
To love me  
Please don't go....
