

Touch Me

UNKLE

You'll always be my baby
I'll always think of you

Touch me in the morning
And last thing at night
Keep my body warm baby
You know it feels right
Take a little higher
I'm faking it too
Just tell me what you're feeling
I'll feel it with you

We can only understand what we are shown
How was I supposed to know our love would grow

Move a little closer
Make sure you're looking up
Heal me with your loving
I need you so much
I need you so much

We can only understand what we are shown
How was I supposed to know our love would grow
We can only understand what we are shown
How was I supposed to know our love would grow

Touch me in the morning
And last thing at night
Keep my body warm baby
You know it feels right
Take a little higher
I'm faking it too
Just tell me what you're feeling
I'll feel it with you

You touch my mind in special places
My heart races with you
You touch my mind in special places
My heart races with you
My heart races with you
