

Not in Love We're Just High

Unknown Mortal Orchestra

Songs we started
Left me broken hearted
I have been frozen in time yeah
Roses on your mind
Will call you home
Prayers unspoken
Left no hearts unbroken
I've been turning on a dime yeah
Roses on your mind
Will call you home

Said we're not in love
We just hang out high as kites
Said we're not in love
We're just halfway out of our mind
And we hang out high as kites
We're not in love we're just high

Second verses
Are the worst of curses
How can we define the line yeah
Roses on your mind
Will call you home

Said we're not in love
We just hang out high as kites
Said we're not in love
We're just halfway out of our mind
And we hang out high as kites
Said we're not in love we're just high
