

The Beach

Unknown Mortal Orchestra

So sick of runnin'
Will slow down enough to be captured
Wish I could be someone swimmin' in the new confusion
Lady

Take me back to the beach
Take me back to the times out of reach
Take me back to the beach
Take me back to the times out of reach

Most people 'round here are more annoying than most loneliness
If you just throw me back to wolves again I'll be okay
Maybe

Take me back to the beach
Take me back to the times out of reach
Take me back to the beach
Take me back to the times out of reach

Take me back to the beach
Take me back to the times out of reach
Take me back to the beach
Take me back to the times out of reach
