Mumzie told me always revise that script, it's essential  
Bible love, stop acting tough, go keep your credentials  
Babes, take care cah your body's a temple  
Time flies by but I still ain't treated my mental  
Locked in the Marsh with pencils  
Free all my guys lifed up till their old like Denzel, yo

Free all my guys lifed up till their old like Denzel  
Life been eventful  
Pride and trust in my heart or luck cah my God so special, oh so special  
God keep my potential  
Pree Psalms 1046, praise up the Lord, thank Jesu  
Imagine me not in the rap scene, that would have been detrimental  
Mumzie's stressed, had to shine like bezels

See I came through from a rebel to an idol  
Had to learn deaf signs from my blood bro's mum  
Now he's gone, it's a vicious cycle  
Turn my pain numb now the work rate's vital  
Bible blind seen man in denial  
I got love for my Grandma, time is a opp, don't know if she's 'round  
for a while  
I need me a pent in the Nile  
We know and they know the clips get shelly  
Pain in my membrane rest if sheggy  
It's Unknown T, had to show Un T that I'm known on telly  
Me and my bro had our last convo in the Bailey  
Shambolic free my celly  
Plain rose gold, dweller, Daytona or a bezzy  
Flex cah the pain too heavy
