Yo, my foreign model wanna fill her lips  
And all my little niggas wanna fill a clip  
Told my leng jawn that I'ma keep legit  
But if I see the oppers I'ma spin da whip  
She want Bentaygas and Daytons, she wan' bigger drip

Wanna talk 'bout sticks, don't talk, that's gibberish  
Rock with the ōdachi and chop man vigorous  
Opps wanna buy heat bop round diligent  
There's cops in the 9 but the blocks ambiguous  
Put her nails in my top, I'm ticklish  
Stop pretty gyal wanna top man's liquorice  
Heard he ain't got a whip, stop stalling  
Your last man's dumb, come fuck with a bigger fish  
We're so lit that their block can't mirror this  
Watch the wap beat off interiors  
Tell a cat he can find that drop, no Top Boy, this is real block life, period  
Where the machine goes? Mysterious  
Bruk shot peddle bike glide on Veras  
My circle's small but the opps inferior  
Come with the opp T spots I'm curious

Kalas and fork him up like the ripper  
The young bulls stay on the glide  
Don't talk on trials, don't talk on Twitter  
No anniversary love but this day dates rose, baby, pour that liquor  
Slim and Blasian, no operation  
She love tug man, now her ass look thicker  
She said, "Don't change," she love a skinny nigga

It won't stop raining, I can't contain it  
The contract king, we're dealing wid a winner  
Contract king, we're dealing wid a winner

Now I just bill up a new empire  
Used to pay food, now we rent or hire, hire  
Bill up, I don't enquire

They love red shoppers, the gun men hyper  
The back clap mad suttin' like Blac Chyna  
They love OT but we done that prior  
O2 flip o tizzy, tuck then briz slop my designer  
Pretty bad gyal come and rock wid a niner  
No fear on my block opps, cut through the ends that's minor  
No rams then swing like Deontay Wilder  
I make the tugnem prouder
