Mmmhmm

Listen, look

Can't believe that I'm locked with the lifers
I was on seg, not basic, segregated from all of my Niners
I've never been jail but they caught man prior
You talk drill in a track, you're a liar
I suggest that you go retire (Jokemen)
Been a sec since I been on the curb
Can't fling me a bird, I'm a rider (Hm-mmm)
Prison governors try give me category A
Wait, but why? Cah my face too bait
I'm eatin' noodles from a plastic plate
Yet I'm still tryna G-check yutes from the 8
On soc', man step with a self made blade
Tucked under my- chat shit or get shaved
News reporters try slander my name
Shame, I still buss open my case
I thank God so I sing with grace
Lord blessed me so I stepped out the gates
Induction, man patterned the place
Smarty and Zanco on the wing first day (Mmmhmm)
You talk shit on the roads, you're a blagger
I'm locked up with my bro's had to man up
Look, me and you got passa
But you got cheffed so it don't even matter

Fresh home, fresh home, straight out the slammer (Grrr-bow)
I was on G wing
I was on HB4 where there ain't no camera (The jungle)
The feds had me flat on my face
Buss case, had to climb to the top of the ladder (Bow-bow-bow)
I was unknown
Now I'm back on the scene as a well known rapper (Mmmhmm)
Damn right, I'm a well known rapper (Mmmhmm)
Fresh home, fresh home, straight out the slammer (Grrr-bow)
I was on G wing
I was on HB4 where there ain't no camera (The jungle)

Try know I supply all my G's with bulk
On road man patterned the streets, you're a joke (Broke)
You don't wanna see me turn up
'Cause I got a long ching in my coat (Whoosh)
No electrocution, I'm on volts
Chat shit, get rocked like a boat
Poke then cut cah the yute got soaked
Chop or tear man, I dare man, try provoke
I can Samurai step on my own (My ones)
There's no hope if the waps 'round my waist
'Cause I really do snap like Capone
Two claps and you know the booting's unknown

On a crash, only ever move loose with a phone
Banged up but now I'm ganged up on the vis' and soc' (You know)
After late night checks
Sekklee down with a tek, bake off then lot' (Yo)

Fresh home, fresh home, straight out the slammer (Grrr-bow)
