

Ignition Interlude

Unknown T

Elle c'est quoi en vrai vas-y fin, t'es là tu me fais le mec occuper tous les jours ça demande heure que t'es à bas, hein?
Traritos tu jures qu'en vrai t'es avec des pétasses?
Mais je vais te montrer c'est quoi une pétasse de chez moi, une dick...

Look, we're always back and forth until I tell her, listen
Toxic arguments or repetition
She bit my lip and then I told her, "Don't be awkward", girl, let's change positions
Went from arguin' to French kissin'
Yo, we were split up, now we're reminiscin'
Slip it in her uh, then twist it like a key ignition
Fuck R. Kelly, put on New Edition
Dig and bend her back till I complete the mission
She wanna be my missus, keep on wishin'

The person you're calling is not available
Please leave your message after the tone
So this is what we're doing now?
I thought this time would be different
You must take me for a fucking joke
Listen, I'm not the one or the two
And you know this
Fix up and call me back

If I told you that you'd be fine
Would you ride, girl?
I told you you'd be fine
Kisses on your neck make you weak, right?
If I told you that you'd be fine
Would you ride, girl?
I told you you'd be fine
Kisses on your neck make you weak, right?
If I told you that you'd be fine
Would you ride, girl?
I told you you'd be fine
Kisses on your neck make you weak, right?
If I told you that you'd be fine
Would you ride, girl? (I told you you'd be fine)
I told you you'd be fine
Kisses on your neck make you weak, right?
