Main Squeeze

Unknown T

Livin' large, tell my bro "Push start the car"
At the Shangri-La smokin' on Cuban cigars
Akhi said he prayin' to Allah
I'ma make it far, I'ma bust down the Audemars
Fendi on the tee and the briefs
Leap out the Jeep, ice on me lookin' real HD
Man, she in the fifth, she a freak
Freak in the sheets
How you let the streets take your main squeeze?

We pop bottles, smoke bubble with gum
Twelve bills on my jeans, four bills in the gun
Took her to a AP, then I beat it like a drum
Couldn't hold your main squeeze, now I'm squeezin' on her bum
My uptown shorty want a winner from the slums
Humble and I break P's, I can't feed my nigga crumbs
Break it with my day ones, guess I really loan some
Your main squeeze wanna uh, now her narni's feelin' numb (Woi)
Billin' [?] with my main squeeze
I can never cuff a day jeet, that's a bae tease
I was out here on a pay scheme, now I'm mainstream
Always gotta wear my Ray-Beans when I daydream
Will you be my lover girl?
For the rest of my life, I don't want no other girl
My main squeeze, there ain't never been no other girl
She a baddie, can I bring her to my mother?
Oh, is she another ho? Oh

Belaire in the cup, it's a boost
Louis underneath my [?]
I was juggin' with my brother out the zoo
Now your chick on me in a cruise
Gettin' money, no, I ain't the same
How the wrist gon' make her lose brain?
Nigga, up your game
Dolce fragrance, basic

You gon' have to meet me in the safe house
It's like a eight mile, I'm on the way now
I'm drippin' bait now, I'm swimmin' in champagne now
My shorty boo'd up, Ella Mai now
She ain't a two dollar holler
Pull up in the AMG coupe, not a Hummer
How the fuck I make it out the zoo with my brother?
She ain't tryna free it up for you, what a bummer
Can't be your lover
