Bruck off the corn and skeet

Don't act like the corn don't beat

Free up my team, the feds done a sweep

Bruck off the corn and skeet

Invest in slugs, your bredrins run

Don't act like the corn won't beat

Tape off all dem streets

Free up my team the feds done a sweep

We slap loads of sweets

Free up my team, the feds done a sweep

Now I got beef with hundred neeks

Bruck off the corn and skeet

Invest in slugs, your bredrins run

Don't act like the corn won't beat

Tape off all dem streets

Free up my team the feds done a sweep

We slap loads of sweets

Free up my team the feds done a sweep

Now I got beef with hundred neeks

9 gang step out, man shave up and poke up men

Violate me and my team, and I'll step and risk that ten

Go there and step with a chef on deck

Or tap that skeng every now and then

These bells might moisten your skin like Ren

Leave opps on bended knee

My team turn boys to men

Bro, bro went round on a ped too much

Next time we might need new tires

How many times have I rid, nearly sick and tired of feeling sick and tired

Step out there and spark up the beef like electric wire's

Tell my solicitor "shush" the intel musta been wrong 'cause I don't conspire

Had enough of the new school gen

We don't chat like dem

Cah we crash at dem

The young g's went out the ride

Lemme manage again

Look

3.2 on the paigon block

Scream -2 we can minus dem

Mention shegs we can test this skeng

Swing, what shank? get smoked like blem

Long time man stepped in the trap

You can step with the skeng

But were spinnin' it back

Its like hide and seek in the block, where the paigon's at?

Look, don't speak like we don't be pop corn

Cah we dishin' it akh

My young g's fucked up once and went straight back

I sponsored a block

Now my young boys screamin' "burst his back"

Hold their arm, tear him up for the 2's, no pack

Dice cah the disey tucked no samurai Jack

Look

Still get cheffey, one ain't enough like jelly  
All I have is a ram for the action time no telly  
If we clock opp boys taking a vid, akh resh up its gonna get messy  
We can bang on the opps like Jezzie  
So, if you get rude on the net 9 gang gon click that semi  
If you ain't involved and your on the opp block  
Get a slap on the back of ya head, I'm petty  
Rest up bro that one was a sweaty  
B2 still hold wings no leggies  
Mind out cah all of my niggas are deadly  
Put corn for the skeng, tell my young g make sure it comes back empty  
And if it was done in Hack's it was probably us  
But we don't talk plenty  
Hit a lick of the bits, then clean up the yard like Jeffry  
9 gang done loads of crud were way too steppy
