

# Till We Meet Again

Unknown T

Mm-mm  
Listen

Made it out the mud all alone  
Sticks and stones may break my bones, but I ain't done enough  
Mum struggles at home, had it rough, gotta pattern my shit on my own  
Fell in love, used to pattern the roads  
Young days don't last, now we all turn grown  
Couple years went on, true colours were shown  
Au revoir, until we meet again, I'm alone  
Baby hang up the phone  
You know I gotta maintain my dough, but it ain't my fault  
The crime rate ain't gettin' slow and I'm bait on road  
Look, my ice rose gold, but I made her cold  
Can't run from the fame 'cause I shake up shows  
Too bad now, wish that I stayed unknown

Au revoir, until we meet again  
Au revoir, until we meet again  
Au revoir, until we-

Listen  
Knees deep in a trap to the hall of achievements  
The Askar locked me for the wrong reason  
A lot of man ain't put in the work, they're cheaters  
That's why I'm not begging for features  
Tell me who to the blood diamond, bare leeches  
They're just using a sound we're conveying  
Put that blood, sweat and tears and my niggas are leaders  
Love when I look at the face of my teachers  
We did it correct, now the old-heads' speechless (Mm-mm)  
Been abroad while they're banging my tunes from car speakers  
For the streets, I'm a preacher  
Shades on, normal procedure  
When the pressure comes, gotta dig a little deeper  
'Cause when shit gets real, man step in the dirt, gotta keep up

Mm-mm, mm-mm
