If we see jakes I'm dashin (Run off)
Dot dot blast in the car
Remember the days we were shaking acid
But if they relap, they gotta pay back rapid
Grip a two-two, then bang it, beoww!
Opps wanna beef, but they hurt cah I mash him
My bottoms got dirt from the burst of the crashing
DS jakes, boydem always planning
My escrow plug got the 3'8 spamming
My bitch love say that I changed since I came out a jail, but I been this sa

The young boys run on the pitch, I'm Klopp in the field, I manage

Yo, yo (Oi oi)
Diesel or unleaded, right there man's heading
If traffic's congested, this ain't getting suspended
Drivers get bad up for wrong directions
Make them test drive like Top Gear contestants
In this hot ride with four co-defendants
If we get grabbed can't be no confessions
Take it like a man and just hold this sentence
I can't be you, I can't be him
You can't be Woo, you can't be Stimz
H turned the traction off, make it skid
I'm the reason there's so much waps in this whip
Gang's 10 percent, but I'm fly squad daily
Hit oversea spots, make phone lines go crazy
TrapMob, TP, quick carbine from Haiti
Long AR-15s, N 76 K (Bow!)
I can tell that that's the gun boys by the headlights
Quick quick, buss a quick left right
If they're still following, foot down
Push it gear 4, then press 5
If you got 6, then do it
If not, then save it for next time
Drivers all banking the whizzy like the set time
Rev out the veekz till the clutch goes red line
