## **Only The Dead**

## Unleashed

You open wide and prepare to receive
A hunger for sex unseen
You crave hard penetration
And order me to come deep
You'd be all right just to suck me dry
But you can beg and plead...

I only fuck the dead I only fuck the dead Only the dead

This ain't no game, it's about life & dead To satisfy your needs You demand a sensation And crave my anal feed You'd be all right with just a "golden rain" But you can beg and plead...

I only fuck the dead I only fuck the dead Only the dead
