

Stand Your Ground

Unleashed

The battle is turning
We got word from the south
Their fields are burning

All that we have built
Will die today
If we don't fight
It will all go away

So stand your ground
Stand your ground [x3]

There is no time to waste
As the enemy march
And their numbers are great
No matter how bad
And fierce it may seem
Think of all that we have

All that we have built
Will die today
If we don't fight
It will all go away

So stand your ground
Stand your ground [x3]

All that we have built
Will die today
If we don't fight
It will all go away

So stand your ground
Stand your ground [x3]
