Terror Christ

Unleashed

So they came to aid in the south
But the battle is already over now
...and death covered the fields

Behold the deeds
of the terror Christ
Behold the deeds

Women burned, children sliced to shreds
Disemboweled bodies without heads
Some without genitals and eyes
Behold the deeds of the terror Christ

Behold the deeds
of the terror Christ
Behold the deeds
of the terror Christ

Only one survived
Commander of the youth battalions;
Idun, still alive

Behold the deeds
of the terror Christ
Behold the deeds
of the terror Christ
