

## Terror Christ

Unleashed

So they came to aid in the south  
But the battle is already over now  
...and death covered the fields

Behold the deeds  
of the terror Christ  
Behold the deeds

Women burned, children sliced to shreds  
Disemboweled bodies without heads  
Some without genitals and eyes  
Behold the deeds of the terror Christ

Behold the deeds  
of the terror Christ  
Behold the deeds  
of the terror Christ

Only one survived  
Commander of the youth battalions;  
Idun, still alive

Behold the deeds  
of the terror Christ  
Behold the deeds  
of the terror Christ
