

They Rape the Land

Unleashed

She was captured and taken away
To the land of the racial elite
On a journey to the home of Christ
Where the natives was once free

God's holy claim
In the book of the sand
Chosen to reign
In the book of the sand

They rape the land [x3]

Brave warriors will rise to pursuit
Before it is all too late
Where the vassals of the White Christ march
It always ends the same

God's holy claim
In the book of the sand
Chosen to reign
In the book of the sand

They rape the land [x3]

God's holy claim
In the book of the sand
Chosen to reign
In the book of the sand

They rape the land [x3]
