

# Where Is Your God Now?

Unleashed

Here we are alive again  
In a battle without end  
So we rise from the caves  
And march until sol descends

Here we are who could tell?  
We will all be unleashed from hell  
We will have our revenge  
On the sol where our fathers fell

Where Is Your God Now ?  
Where Is Your God Now ?  
Where Is Your God Now ?  
Where Is Your God Now ?

Here we are but he is gone  
The search is on for the sacred one  
Hiding out a cowards game  
White christ is on the run

Here we are come out and play  
There his place, die in vain  
Or send him out and he shell meet  
The bolt thrower on the open plain

Where Is Your God Now ?  
Where Is Your God Now ?  
Where Is Your God Now ?  
Where Is Your God Now ?

Behold the crucifix  
What does it symbolize?  
Pallid incompetence  
Hanging on a tree

Here we are alive again  
In a battle without end  
So we rise from the caves  
And march until sol descends

Here we are who could tell?  
We will all be unleashed from hell  
We will have our revenge  
On the sol where our fathers fell

Where Is Your God Now ?  
Where Is Your God Now ?  
Where Is Your God Now ?  
Where Is Your God Now ?
