

# You Are the Warrior!

Unleashed

When everything is pitch black  
The Darkness, the only light  
Drowned in a pool of nothingness  
With pain and suffering to fight

And as the moment draws near  
You sail into the unknown  
To life, the great adventure

And when the winds die  
You row, you row, just row,  
For all you are worth, row, just row!  
You are the warrior, and you fight!

Fight!  
Fight!  
Fight!  
Fight!

Dark clouds on the horizon  
As the waves come crashing in  
All seems lost but life itself  
So, aim and fire, or you'll never win  
Remember those before you  
Their resolve and will of steel  
You are the sword Gram  
And you never kneel

You row, just row  
For all you are worth, row, just row!  
You are the warrior, and you fight!

Fight!  
Fight!  
Fight!  
Fight!  
You are the warrior  
Fight!  
Fight!  
Fight!  
Fight!

When all the world seems against you  
You are the warrior, and you fight!

Fight!  
Fight!  
Fight!  
Fight!  
Stand up strong  
Fight!  
Fight!  
You are the warrior  
Fight!  
Fight!
