

8 Legged Dreams

Unlike Pluto

When I go to sleep and lie
Eight legged dreams arise
Cobwebs in my eyes
Never, never gonna wake up
Stuck in a web of lies
Paralyzed like a fly
Spiders don't sleep at night
Never, never gonna wake up
Never, never gonna wake up

You were gonna say
My mind is a place
Where fears are raised
And my mind plays tricks
It turns and it twists
It bends what I see

And I will stay (awake)
And I will stay (awake)
Nightmares go (away)
Oh-oh-oh
You will fall (when you sleep)
You will fall (when you sleep)
Close your eyes (sweet dreams)
Oh-oh-oh

When I go to sleep and lie
Eight legged dreams arise
Cobwebs in my eyes
Never, never gonna wake up
Stuck in a web of lies
Paralyzed like a fly
Spiders don't sleep at night
Never, never gonna wake up
Never, never gonna wake up

You're stressed when you wake
It'll stay for a while
It'll stay for a while, now
Your subconscious fades
It'll wait to unveil
It'll wait to unveil, now

And I will stay (awake)
And I will stay (awake)
Nightmares go (away)
Oh-oh-oh
You will fall (when you sleep)
You will fall (when you sleep)
Close your eyes (sweet dreams)
Oh-oh-oh

When I go to sleep and lie
Eight legged dreams arise
Cobwebs in my eyes
Never, never gonna wake up
Stuck in a web of lies

Paralyzed like a fly
Spiders don't sleep at night
Never, never gonna wake up
Never, never gonna wake up
