

# Adios (Pluto Tapes)

Unlike Pluto

Adios to the girl I knew  
Sayonara to the life you screwed  
Bon voyage put the car in cruise  
Pick a fucking language finally I am done with you

The tug-a-war between you and me  
I pull you in but the rope broke free  
Electrostatic love no clarity  
We repel like two opposing enemies

You and I, will go to waste  
You and I, will go to waste-eh  
Your crazy I, don't want to stay  
Your crazy I, don't want to stay-eh

I'm bidding you adieu today  
That's it I'm done until the end

Adios to the girl I knew  
Sayonara to the life you screwed  
Bon voyage put the car in cruise  
Pick a fucking language finally I am done with you

23 we said our lives would elevate  
That didn't mean that I would give you everything  
You wanted me to fit the image in your head  
But Your take on life is through a blurry lens

The lost time, it went away  
The lost time, it ticked away  
A new life, seize the day  
A new life, I'm gonna chase-eh

Laissez-faire from today  
Goodbye salud! I'm through

Adios to the girl I knew  
Sayonara to the life you screwed  
Bon voyage put the car in cruise  
Pick a fucking language finally I am done with you

You can show your love in  
Many ways but there is  
Only one, way to say, goodbye  
No one's ever perfect  
I thought you were worth it  
Au revoir, for the very last time  
I'll runaway  
I'll runaway

Adios to the girl I knew  
Sayonara to the life you screwed  
Bon voyage put the car in cruise  
Pick a fucking language finally I am done with you
