

Animated

Unlike Pluto

So animated
My life templated
So print me in this dream
I won't wake up yeah yeah yeah

In my dark story
Ohhh I'm ignoring
The pleasure in the pain yeah yeah

Life's never this good yeah
Reaper waiting on his queue yeah
Why's always looking gloomier
Fuck if I know I am done

Fuck if I know I am done

I'm fighting my demons and I can't really see them
But I know that they're there because I feel
Them all around

I'm feeling animated and it's not real life
Pump my heart with adenosine to realize

I'm like oh no no no
I'm like oh no no no

Life's never this good yeah
Reaper waiting on his queue yeah
And it's always looking gloomier
Fuck if I know I am done

Fuck if I know I am done

Fuck if I know I am done

I don't feel at peace in my skin
I don't feel at peace in my skin

I want some peace in my skin
I want some peace in my skin

Fuck if I know I am done
