Broken String

Unlike Pluto

Looking like a stormy day
Don't think that'll go away
So under my roof I'll stay
And that's all right
I'll just play my
Guitar for a couple of hours
Play my heart and play it louder
Play until I break a string
Oh, it's alright
I've got all I need

Just a broken string
And it gets hard
And I've got five more, five more
And I can play just fine
It's more than enough, more than enough
I still play until I know the notes
I know that so do you
I'm just dreaming like it's hard (Like it's hard)
I got five more, five more
Oh, oh, oh
(Dream on)

And at first glance you might think I'm incomplete (I know)
I've got plenty
I've got everything I need to play a song
I'm strummin' on, I'm strummin' on
I am in the cold
I'm on a roll
I'm losin' inhibition
Playin' on, playin' 'cause I know

Just a broken string
And it gets hard
And I've got five more, five more
And I can play just fine
It's more than enough, more than enough
I still play until I know the notes
I know that so do you
I'm just dreamin' like it's hard (Like it's hard)
I got five more, five more
Oh, oh, oh
(Dream on)

Just a broken string
And it gets hard
And I've got five more, five more
And I can play just fine (And I can play)
It's more than enough, more than enough
I still play until I know the notes
I know that so do you
I'm just dreamin' like it's hard (Like it's hard)
I got five more, five more
Oh, oh, oh
(Dream on)
