

Caffeine

Unlike Pluto

Hit the eclipse hard with a telescope
Head is pounding like a drum like cigaro
Hidden in my bed counting animals
One sheep two sheep click pot repeat
My head is spinning from what's coming down
I don't care what's good for me
I don't think there's sleep for me

Caffeine caffeine caffeine
What did you do to me
What did you do to me
Caffeine caffeine caffeine
What did you do to me
What did you do to me

Slide into my day with a migraine
The morning and the night always go sideways
Building up in my blood watch the overflow
Mantra chakra in the crockpot
My head is spinning from what's coming down
One cup two cup spilling out
Higher thought in deeper grounds

Caffeine caffeine caffeine
What did you do to me
What did you do to me
Caffeine caffeine caffeine
What did you do to me
What did you do to me

Twist my nerves till the sunrise
Twist my nerves till the sunrise
Twist my nerves
Twist my nerves till the sunrise
Twist my nerves
Twist my nerves till the sunrise
