## Unlike Pluto

Fast cars always calling my name  
Ash trays blowing up into flames  
Leather seats that remember your name  
History is timeless when you spin it like that

Moonlight  
Starlight  
New light

Need for survival, leather jacket idol  
Oh print me vinyl, always a touch  
Classic

Moonlight  
Starlight  
New light  
Classic when it's goin like that  
Classic

Black and white movies playing by frames  
People crying to a love scene in rain  
You're tearing me apart he said in vain  
History is timeless when you spin it like that

Moonlight  
Starlight  
New light

Need for survival, leather jacket idol  
Print me vinyl, always a touch  
Classic

Moonlight  
Starlight  
New light  
Classic when it's goin like that  
Classic

Memories live until your dyin  
Then they become a new horizon  
Generation hell bent on  
Making trivial moments into classics

Need for survival, leather jacket idol  
Oh print me vinyl, always a touch  
Classic

Moonlight  
Starlight  
New light  
Classic when it's goin like that  
Classic
