

## Coffee Stains

Unlike Pluto

And coffee stains on the counter  
Try to chase them with my finger  
Closed my eyes  
And I remember  
Better times when it were simpler

Stay, hey, hey  
Stay, hey, hey

How do I just carry on?  
And I have nothing left to carry  
Said they feel so lonely now  
But lonely is only temporary

Cigarette, you left there  
Don't know where  
You went there

And coffee stains on the counter  
Try to chase them with my finger  
Closed my eyes  
And I remember  
Better times when it were simpler

Stay, hey, hey  
Stay, hey, hey

And I cleaned today, but missed a spot  
I'll carry on, and nothing is wrong  
Maybe all I need is time  
But maybe I am that fool (I'll be fine)

Cigarette, you left there  
You left there  
Don't know where  
You went there

And coffee stains on the counter  
Try to chase them with my finger  
Closed my eyes  
And I remember  
Better times when it were simpler

Stay, hey, hey  
Stay, hey, hey
