

Color Chaos

Unlike Pluto

Painting like I love it
Lose myself in it
Pour my soul into it
Put the colors in the canvas

Until I love it
I, I, I love it
I, I love it

It turns into a
Kalei-
Kaleidoscopic nightmare in my life
I love it but its evil in the light
Colors swirl when the darkness finds
A heart to shatter two pieces at a time

But the image took a twist
I didn't mean for all of this
What I created
I really hated
A love that's faded
Colors that shaded
Textures jaded
The image of hatred

It turns into a
Kalei-
Kaleidoscopic nightmare in my life
I love it but its evil in the light
Colors swirl when the darkness finds
A heart to shatter two pieces at a time

Kaleidoscopic nightmare in my life
Kaleidoscopic nightmare in my life
