

I'll wear my fire like a crown  
I'll never let it burn me down  
I'm not a king  
And this is not a dream  
Fear in the flames  
It's scary when I blink  
Don't back down  
Wear it like a crown  
Wear it like a crown

Wear it like a crown  
Like a crown

If I could melt my fear  
I would make it into a crown  
Dip my dreams in the pits of hell  
And see what comes out  
The fire before the sound  
That spreads all around  
If I can't control it

I'll wear my fire like a crown  
I'll never let it burn me down  
I'm not a king  
And this is not a dream  
Fear in the flames  
It's scary when I blink  
Don't back down  
Wear it like a crown  
Wear it like a crown

Wear it like a crown  
Like a crown

If I could shed my skin  
Let the victim complex out  
Never got me anywhere  
But so easy slip into  
The fire before the sound  
It spreads all around  
That spreads all around  
If I can't control it

I'll wear my fire like a crown  
I'll never let it burn me down  
I'm not a king  
And this is not a dream  
Fear in the flames  
It's scary when I blink  
Don't back down  
Wear it like a crown  
Wear it like a crown

Wear it like a crown  
Like a crown  
Like a crown  
Like a crown
