

## Dollar For Your Sadness

Unlike Pluto

I'm wasting my time  
On nothing at all  
I'm wasting my mind, now  
You'd give me a dime for all that I own  
You're wasting my time, now

You  
Ask for more, ask for more  
Who  
Can ignore, can ignore  
A penny for your thoughts  
But a dollar for your sadness

You tell me sweet lies  
For nothing at all  
You'd think it's a crime, no  
You'd leave me behind, for nothing at all  
You'd leave me to die (yeah)

You  
Ask for more, ask for more  
Who  
Can ignore, can ignore  
A penny for your thoughts  
But a dollar for your sadness

Waves are crashing around me  
Drag me out to sea  
Cast away  
Thrown away
