

Hmm

Show me something  
Color me new  
None of your blue and green (Ha)  
Lost found  
Mask down  
Overrated but  
People want to be seen

Let's not make this complicated  
Lonely hearts parade

And baby don't beg  
I told you baby don't beg  
I may be harder to get  
I'm all or nothing  
So baby don't beg, yeah

Such a big crowd and they're all sad  
Such a big town but I like that  
It's a big world and we're all mad (All mad)  
In a hotel bar chasing love down  
Feeling eyes on me as I dance around  
Me and lonely we go way back (Way back)

Let's not make it complicated  
We're one and the same

And baby don't beg (Ha)  
I told you baby don't beg, yeah  
I may be harder to get  
I'm all or nothing  
So baby don't beg, yeah

Hmm
