

Glory

Unlike Pluto

Do you, do you miss me?
Miss me glory?
Do you, do you miss me?
Miss me glory?

Should I smile? Or should I frown?
I'm confused why I'm so dumb
Is it better I'm still better around?
Is it buried in the ground?

Is it downward spiral to my happy place
Why do I have to endure the pain?
Oh, why? Oh, why?

Do you, do you miss me?
Miss me glory?
Do you, do you miss me?
Miss me glory?
The more I want you, more it pains me
The more I feel it in my bones

Do you miss me?
Miss me glory?

Counting down, oh, all the days
Until I make it out of this haze
Brain fog makes it blurry in the day
Blurry in the day

Is it downward spiral to my happy place?
Why do I have to endure the pain?
Oh, why? Oh, why?
Is it downward spiral to my happy place?
Oh, Do-

Do you, do you miss me?
Miss me glory?
Do you, do you miss me?
Miss me glory?
The more I want you, more it pains me
The more I feel it in my bones

Do you miss me?
Miss me glory?

Do you, do you, do you, do you hear me?
Go where you will ever ever find me
I've been thinking ever since you left me
Do you miss me glory?
