

You're pulling me inside of the darkness
Dark, darkness, rain rain fall on me
You're pulling me inside of the darkness
Dark, darkness, rain rain fall on me
But now that I can't live without you, without you
I'm stuck in your dreams, what can I do?

You make me sick to my guts
You make me sick to my guts
You make me sick to my guts

Sometimes I feel like I'm burning away
You gave me a path without a future
Took all my life to realize
That I am gone

How do you see me in your mind?
There's nothing left but our cries
Spit fire and dark nights

You're pulling me inside of the darkness
Dark, darkness, rain rain fall on me
You're pulling me inside of the darkness
Dark, darkness, rain rain fall on me
But now that I can't live without you, without you
I'm stuck in your dreams, what can I do?

You make me sick to my guts
You make me sick to my guts
You make me sick to my guts

Lucky for you I wasn't the same
Old habits die hard with no escape
Lucky for me you didn't know
That I am gone

Won't you slice up my pain?
Let it bleed from my veins
I know we'll meet again

You're pulling me inside of the darkness
Dark, darkness, rain rain fall on me
You're pulling me inside of the darkness
Dark, darkness, rain rain fall on me
Now that I can't live without you
I'm stuck in your dreams, what can I do?

I'm sick to my guts
You make me sick to my guts
You make me sick to my guts
You make me sick to my guts
