

Harlequin

Unlike Pluto

Scandalous and I feel it
Live it up
A rainbow with no colors, a pale white glow
Chaotic revealing
I show it off
A window dripping rain drops to the storm

A story of a harlequin
Diamond pattern cardigans fraying
Ohhhhhhh

Remember the feeling
Live it up
Dancing in midsummer, a colorful show
Hypnotic revealing
Throw em off
I'm slipping out the back door, no one knows

Liberated harlequin
Dancing as I grab their attention
Ohhhhhhh

Life
Don't you know better, it's a lie
Lie
Don't you know in the by and by
Tears in your eyes as you finally realize
Thoughts realize and you're back where it all began

Reawakened harlequin
Dreading that the cycle's repeating
Ohhhhhh
