

I Tried Getting High

Unlike Pluto

I'm just passing time
My eyes are red and dry
Shadows fall all around me
A dark and crowded room
A quiet creepy tune
The emptiness, it surrounds you

Why? I know we stay up all night
Why? I just wanna feel alive
Yeah

You know I tried getting high
Open it pass the time
You know i tried sinking slow
I always been short of sight
My aim has never been quite right
I could never let things go

Why? I know we stay up all night
Why? I just wanna feel alive
Yeah

You
At last
Found out
Yeah
