

Washed up cranium, steel titanium  
People looking at me  
I think I'm entertainium, faceplant stadium  
On the floor, they gotta wash me up  
I got a imposter syndrome  
You look at me, I don't look at me  
I don't think you see what I see  
I see, you see, I see, do you see what I mean?

I'm dizzy, I am dizzy  
I am dizzy, I am dizzy  
I am dizzy from me  
I'm dizzy from me, mmm  
I'm dizzy from me

I'm insanium, drip uranium  
Toxins pouring inside my mind  
Chemical brainium, turn off the stadium  
Never know what's gonna burn me out  
I gotta imposter syndrome  
You look at me, I don't look at me  
I don't think you see what I see  
I see, you see, I see, do you see what I mean?

I'm dizzy, I am dizzy  
I am dizzy, I am dizzy  
I am dizzy from me  
I'm dizzy from me, mmm  
I'm dizzy from me

Dizzy from, dizzy from me  
Dizzy from, dizzy from me

Pinch me, pinch me, is all of this real now?  
Dizzy, dizzy from imposter syndrome  
Pinch me, pinch me, is all of this real now?  
Dizzy, dizzy from imposter syndrome  
Dizzy, dizzy from imposter syndrome  
Dizzy, dizzy from imposter syndrome

I got a imposter syndrome  
You look at me, I don't look at me  
I don't think you see what I see  
I see, you see, nobody sees it but me
