

Intoxicate Me

Unlike Pluto

So sing me a dark song to sleep
The melody, oh, how it haunts me
All my demons come alive every time I close my eyes
So play me a rhythm
Intoxicate me
Intoxicate me

I can't
Get the lyrics out of my head
This song is never-ending
Now I face the music when I sleep

I see the notes drop
One by one tonight
Chaos a symphony
Turn down all the sound and

Sing me a dark song to sleep
Oh, the melody, oh, how it haunts me
All my demons come alive every time I close my eyes
So play me a rhythm
Intoxicate me
Intoxicate me

Desynchronized
Soft whispers with the loud echoes
And I'm dancing at night
I face the music when I sleep

I see the notes drop
One by one tonight
Chaos a symphony
Turn down all the sound and

Sing me a dark song to sleep
Oh, the melody, oh, how it haunts me
All my demons come alive every time I close my eyes
So play me a rhythm
Intoxicate me
Intoxicate me
Intoxicate me
