

# Is It Victory

Unlike Pluto

Is it victory, victory?  
Is it victory when you lose everything?

What if everyone you knew was sinking to the bottom?  
When the smoke rises up  
Did you get what you wanted?  
From the day  
If all your dreams looked like a feeding frenzy  
The evil's in your mind

Can you even cry?  
Can you even try?  
Did part of you die  
Inside?

Is your victory  
All that you wanted  
All that you wanted  
Is it victory when you lose everything?

Is it victory when you lose everything?

Doesn't feel real when I look at what happened  
Did you plan this all along  
Or is evil just a habit  
For you?  
You hurt everyone that ever counted on you  
You

Can you even cry?  
Can you even try?  
Did part of you die  
Inside?

Is your victory  
All that you wanted  
All that you wanted  
Is it victory when you lose everything?

Is it victory when you lose everything?

I lost so much time  
Just knowing you  
Just knowing you

Is it victory?  
All that you wanted  
All that you wanted  
Is it victory when you lose everything?
