

## Lost Inside

Unlike Pluto

Bright eyes with a dark heart  
Daydreams with my future torn apart  
Black cloud that needs light  
Sunny days with rainy eyes

Something doesn't feel right, doesn't feel right  
Unsteady in my life  
I don't know why

I am lost inside  
Is it me, is it me or everyone around me  
Is it me or is everyone around me  
Lost inside

Hard truths with soft lies  
Boundaries that make you cross the line  
Locked heart in a free life  
Do you know what you're telling me

Something doesn't feel right, doesn't feel right  
Unsteady in my life  
I don't know why

I am lost inside  
Is it me, is it me or everyone around me  
Is it me or is everyone around me  
Lost inside

I feel stranded  
Cold withered and alone  
I feel stranded  
Cold withered and alone

Is it me or everyone around me  
Is it me or everyone around me  
Is it me

I am lost inside  
Is it me, is it me or everyone around me  
Is it me or is everyone around me  
Lost inside
