

## Mindless Bliss

Unlike Pluto

Sometimes I get the feeling, the more that I know  
The more the pain starts to grow  
And then it starts to feel like I'm losing control  
With every new thing I know

I'm driving eighty-five  
I'm seeing double lines  
And I'm afraid I might lose my hold  
Wish I was never told  
Weighs heavy on my soul  
With every moment, I'm getting cold

Carry me (it's heavy)  
Bury me (are you ready)  
Get me out of this  
Empty me (just an echo)  
Spiraling (gotta let go)  
Give me mindless bliss  
(Give me mindless bliss, now)

Sometimes I get the feeling, the more that I know  
The more the pain starts to grow  
And then it starts to feel like I'm losing control  
With every new thing I know  
Always staying up to the sunrise  
I can barely even close my eyes  
All I'm looking for is a good night  
Just for one night  
Just for one night

But I am wide awake  
Surviving day to day  
I'm half alive in my own way  
And I am struggling  
With all I'm carrying  
When you know everything  
Your reality fades away

Carry me (it's heavy)  
Bury me (are you ready)  
Get me out of this  
Empty me (just an echo)  
Spiraling (gotta let go)  
Give me mindless bliss  
(Give me mindless bliss, now)

Sometimes I get the feeling, the more that I know  
The more the pain starts to grow  
And then it starts to feel like I'm losing control  
With every new thing I know  
Always staying up to the sunrise  
I can barely even close my eyes  
All I'm looking for is a good night  
Just for one night  
Just for one night

Sometimes I get the feeling, the more that I know

The more that I know, the pain, it grows  
Then it starts to feel like I'm losing control  
With every new thing, thing that I know  
And now I'm staying up to the sunrise  
I can barely even close my eyes  
All I'm looking for is a good night  
All I'm looking for is a good night
